Ramuna singh inter college
2018

About Me

As a recent B.Tech Computer Science graduate, I am eager to launch a successful career in the dynamic world of technology. I am seeking an entry-level position that allows me to apply my technical knowledge, problem-solving skills, and adaptability to contribute to innovative projects. I am dedicated to staying up-to-date with industry trends, continuously improving my skills, and making a meaningful impact in the field of computer science.

Projects

Major Project

Face recognition attendance system

A face recognition attendance system is a technology-driven solution that automates the process of recording and tracking attendance in various settings, such as educational institutions, workplaces, and events, using facial recognition technology.

Minor Project

Personal Portfolio

A personal portfolio is a collection of work, projects, accomplishments, and information that showcases an individual's skills, expertise, and experiences. It serves as a professional presentation of their abilities, often used by job seekers, freelancers, artists, designers, writers, and professionals in various fields to demonstrate their qualifications and achievements.

Achievements

Full Stack Developer Certificate From IBM

Java Full Stack Internship

Interests - Listening Music, Playing Cricket

Language - Hindi, English
